Re: MB Docket No. 04-233

Dear Ms. Dortch:

I am writing you this letter to let you know about the support we have received from Bonneville International-Cincinnati (WKRQ, WUBE, WYGY, WSWD). They are working on ways to help our organization advance its mission (***The FreestoreFoodbank provides food and services; create stability and further self-reliance for people in crisis***) in our community.

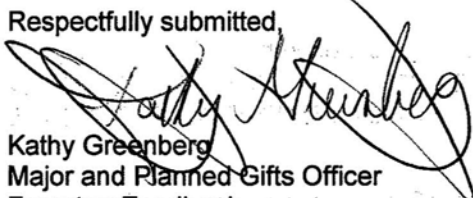

Bonneville Radio initially wanted to learn about the scope and breadth of our organization and then after touring the agency they went back to see how and what they could do to help. They decided that they would like to come and volunteer so that as a group their efforts to get involved were embraced by all of their employees. Now that they have more knowledge about the efforts we take to help people in crisis, Bonneville Radio is currently working on developing different efforts to get the community involved to bridge hunger for adults and children who are making tough choices.

The FreestoreFoodbank is thrilled to have Bonneville Radio and their employees stand up and help us. A media outlet that believes in what we are doing and are looking to get involved because it is the right thing to do is very empowering for the community we live in.

I would like to thank Bonneville International-Cincinnati (WKRQ, WUBE, WYGY, WSWD) for their support since their efforts show that they are responsible leaders in the community and take their media presence very seriously for the organizations they back as well as for those people in the community they serve.

We see no need for additional rules or reporting requirements that insert federal oversight of the process of broadcasters serving the community. Please let me know if you have any questions and thank you for letting organizations who are being helped express their comments about this potential FCC change.

Respectfully submitted,

Kathy Greenberg
